To Whom It May Concern:

The Institute for Law and Policy Planning (and Dr. Allen Kalmanoff) performed three corrections planning contracts in our county over two years. In each of these contracts, Dr. Kalmanoff facilitated extensive community meetings in an effort to develop community support for our County's corrections program. He demonstrated a great deal of ability in this regard.

If you have any specific questions concerning the County's Master Plan projects and the related community meetings involving Dr. Kalmanoff, please feel free to call me at (805) 654-2690.

Sincerely,

RICHARD WITTENBERG  
Chief Administrative Officer
