To Whom It May Concern:

Dr. Alan Kalmanoff and all of the Staff at ILPP are to be commended for their professionalism while undertaking the study of the criminal justice system in Hillsborough County. It is to be expected that an inquiry of this kind can sometimes cause apprehension for those being evaluated. The ILPP staff made it less so by the cooperative demeanor exhibited throughout the entire process.

Although we naturally did not agree on all of the findings and recommendations in the report, I appreciated the opportunity to confront and discuss all of the issues with Dr. Kalmanoff or his staff. Whenever we questioned the methodology used, or the conclusions drawn, we were treated fairly and given an opportunity to respond. Our perspective was presented and included in the body of the report.

All of the recommendations in the final report are being reviewed by sub-committees of the Public Safety Coordinating Council. Many of the recommendations are in various stages of implementation. An Ad-Hoc committee is being formed to monitor the progress being made here in Hillsborough County. The report has become an integral part of improvements in our criminal justice system. I welcome any inquiry as to my assessment of the study or the final report.

Sincerely,

Cal Henderson
