To Whom It May Concern,

I am writing this letter of reference in regard to Dr. Alan Kalmanoff of ILPP and the superb study conducted at my agency. In 2008, I was the Commander responsible for the medical contract in the Clark County Jail and at that time urgent concerns about the contractors compliance with the contract. We decided to hire ILPP to conduct a study / evaluation of the contractors performance because of the high liabilities associated with the care of inmates and the extensive credentials and experience of ILPP. Their study proved to be very detailed and thorough and exposed many of the deficiencies we suspected existed.

Upon completion of his study, Dr. Kalmanoff provided the county with a well organized and detailed report of ILPP findings. I found Dr. Kalmanoff and his staff to be honest and straightforward in their approach to their work and business and I would not hesitate to recommend them to any organization requesting the services his company offers.

Respectfully Yours,
