Dear Mr. Kalmanoff:

We want to express our appreciation for your involvement on our Plenary Panel: CORRECTIONS, CONNECTIONS and CHANGE at the Association's annual conference in May at the Los Angeles Hilton.

CPPCA is fortunate to have such learned and charismatic professionals who support our endeavor to provide stimulating and provocative experiences for our membership.

The Plenary segment began the conference on an exhilarating note and your invigorating discussion set the stage for the diverse workshops that followed. We received rave reviews concerning your participation!

Thank you very much for your invaluable contribution to our Plenary segment and we look forward to future opportunities to share your talents with CPPCA.

Very truly yours,

*Terry DeWolfe*
