Dear Kal:

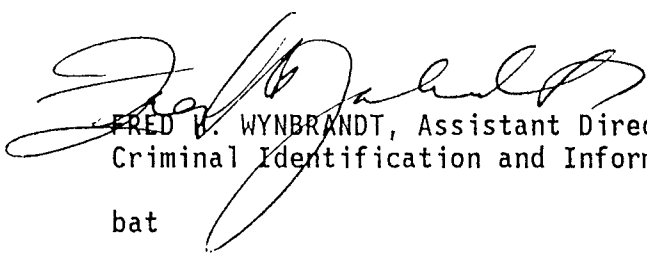

The Facilities Master Plan project completed by your group has resulted in the presentation of an excellent document.

The document is accurate, reflects current and future trends and developments, and gives us a plan for the future. The scenarios and recommendations reflect a high level of professional planning and insight. Your candor in our conference was refreshing.

I look forward to a continued working relationship with your group, not only in space planning, but other areas as well.

Sincerely,

JOHN K. VAN DE KAMP
